EDUCATION

SUEZ CANAL University

Computer and Information System BACHELORS

GPA: very good

Ismailia

2020 - 2024

EXPERIENCE

The Gate 1 | Flutter Developer

Remotely | Jul 2024 - Sep 2024

I have worked on the Estgmam app, developing features for users, owners, and trip leaders using Cubit and Bloc architecture. The app also integrates Google Maps for enhanced functionality.

Leapro | Flutter Developer

Remotely | Nov 2023 - Jun 2024

specialize in the Provider pattern and MVVM architecture, with a focus on state management. My expertise in using Provider has enhanced the robustness and responsiveness of my applications.

ITI | Flutter summer training

Ismailia | Aug 2023 - Sep 2023

Training has covered these topics: Dart - Flutter - OOP - Clean Coding - Animation - Firebase - Cubit - State Management - API - Git and GitHub, also Developed a quiz app with six categories (IQ, sports, history, general knowledge, etc.) to help users determine their level in any chosen category.

SKILLS

Programming Languages: C++, Dart, Html, Css

Libraries/Frameworks: Flutter

Tools / Platforms: Firebase, Git, GitHub

Databases: Hive Flutter

PROJECTS / OPEN-SOURCE

Watfa App Buy Now, Pay Later (BNPL) Application | Link

Flutter

A secure BNPL e-commerce platform featuring a custom installment calculation engine and encrypted payment gateway integrations. Built with Provider, it includes biometric/social authentication, real-time push notifications, and a high-fidelity UI translated from Figma.

Lebanon Today | Link

Flutter

A real-time Arabic news app published on Google Play and the App Store. Built with Provider and Firebase, it features push notifications, REST API weather integration, and a high-performance RTL interface with local caching.

Wanna Meal (Graduation Project)

Flutter

An AI and ML-powered app suggests meals based on your ingredients. Built with MVVM and Cubit, it features AR, EN, dark/light themes, animations, and user interactions through profiles, a community, and chat. It provides detailed meal information with preparation time and instructions.

Movie & TV Explorer | Link

Flutter

app for movie and TV show enthusiasts, featuring detailed info, personalized recommendations, smooth animations, and robust state management with Bloc, clean architecture, and SOLID principles
